

Title:
Director of Wastewater Operations

Level:
4

FLSA Status:
Exempt

Division:
Wastewater

Department/Location:
Wastewater Administration

Employment Status:
Regular Full Time

SUMMARY

This position reports directly to the Vice President of Wastewater and supervises all department leaders responsible for the day-to-day operations of the Wastewater Division. This includes Lab Director, Assistant Director of Operations, and four shift supervisors. The Director of Operations is expected to assure that treatment operations of the ACUA remain in compliance with the applicable governing regulations at all times. This position's normal work schedule is Monday through Friday; however, this position must be available to be contacted at all times to respond to urgent issues as determined by the Shift Supervisors.

RESPONSIBILITIES

- Responsible for maintaining compliance with all Federal and State operating permits. Ensure that all treatment processes are functioning properly, and that the health and welfare of Atlantic County citizens, and the environment are top priorities.
- Analyze daily laboratory data from the wet end (influent and effluent) and solids handling (sludge), and implement process control adjustments and schedules as required.
- Prioritize maintenance work orders, which have the potential of affecting sludge processing or effluent quality.
- Coordinate deliveries of septage, leachate, scum, and liquid sludge, and analyze and schedule disposal to avoid shock loading of plant influent.
- Compile, analyze, and submit all state required permits and reports, monthly, quarterly, and annually. These include but are not limited to the following:
 - NJDEP Effluent Discharge Monitoring Reports
 - NJDEP Sludge Quality Assurance Reports
 - NJDEP Title V Air Quality Monitoring Reports
 - NJDEP Groundwater Monitoring Reports
 - Continually update permits for all pumping stations and the Wastewater treatment facility
 - Outside (customer) Sludge Quality Assurance Reports
- Conduct annual performance evaluations of direct reports.
- Convey to the Vice President any noteworthy positive or negative issues discovered through the evaluation process.
- Identify training needs and initiate development of subordinates. Recommend effective personnel action.
- Ensure that duties, responsibilities, and authority and accountability of all direct subordinates are defined and understood.
- Attend and participate in various environmental, trade and related Wastewater organizations. Attend meetings and conference, and communicate with other Wastewater authorities on a regular structured basis.
- Knowledge of federal and state environmental laws and regulations pertaining to Wastewater treatment and discharge, with the understanding that criminal prosecution may result for non-compliance resulting in environmental pollution.
- In accordance with 7:1E-212, employee shall be familiar with, and is responsible to perform the duties detailed in ACUA's written SOP's regarding hazardous substances, specifically SOP HAZ1 through SOP HAZ6. Employee is required to have Hazwoper 40 training, an annual 8 hour Hazwoper refresher courses and shall engage in a hazardous substance drill annually to demonstrate abilities related to position.
- As needed and/or directed, assist the ACUA with its environmental mission and commitment to excellent customer service, to include but not limited to: serve in an advocacy role, help with site tours when requested, volunteer for events and activities that the Authority participates in or sponsors, and volunteer for community service, etc.
- Remain compliant with all training requirements for this position. The training requirements for this position are located on InsideACUA in the Employee Resources section (Blue Box) under Training Resources.

MINIMUM EDUCATION AND EXPERIENCE REQUIREMENTS

- Bachelor's Degree and 10 years work experience in the Wastewater field OR 15 years work experience in the Wastewater field
- 5 years supervisory or managerial experience.
- New Jersey Wastewater Treatment System Operator's License S-4.
